

**Pre-School** 

## Pupil premium strategy statement – EYFS

This statement details our school's use of pupil premium (and recovery premium, *also known as COVID catch up premium*, for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

#### School overview

Detail	Data
School name	William Harding School
Number of pupils in school	84
Proportion (%) of pupil premium eligible pupils	7%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-22
Date this statement was published	September 2021
Date on which it will be reviewed	December 2021
Statement authorised by	Trudy Cotchin
Pupil premium lead	Donna Skinner
Governor / Trustee lead	Sally Perkins

#### **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£2 114.70
Recovery premium funding allocation this academic year	£1 015
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£3 129.70

If your school is an academy in a trust that pools this funding, state the amount available to your school this	
academic year	

## Part A: Pupil premium strategy plan

#### **Statement of intent**

We aim to ensure that every pupil has access to and engages in a high-quality education that enables them to achieve to their potential. The school aims to support all families so that each pupil's education and wellbeing is prioritised and they can thrive academically, social and emotionally. Our ultimate goal is for all pupils who attend William Harding to develop the confidence, knowledge and skills to be successful in their education and life beyond primary school. We aspire for our pupils to be change-makers in their communities and to continue to live out the school's values and ethos beyond our school gates.

The quality of teaching and learning and the standard of the curriculum is of paramount importance and in order for those pupils who receive the Pupil Premium to achieve well. In this way, **all** pupils will benefit from a differentiated curriculum where challenge is provided for all.

Our priority is to ensure that the pupils have access to excellence in teaching and learning, as well as a high-quality curriculum. Staff support and CPD are key strands in the school's Pupil Premium strategy which focus on developing our staff in order to positively impact on the greatest number of children. We understand we need to address the needs of all learners, including those that we may identify as vulnerable, but who do not receive the Pupil Premium funding. All strategies employed in the school's Pupil Premium strategy are evidence based and informed by our clear understanding of our disadvantaged children's specific barriers to learning.

Our aim for the next 3 years is to equip all our children, especially the disadvantaged cohort, with the language and vocabulary skills needed to engage and participate fully with classroom learning, with our exciting curriculum and with opportunities beyond school. We intend for our disadvantaged pupils to make accelerated progress and achieve high attainment. High-quality teaching is at the heart of our approach, with a focus on the areas in which disadvantaged pupils currently require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

#### Pastoral support to improve attainment

In recent years we have worked hard to improve the emotional regulation and resilience of pupils across the whole school, ensuring that children are 'ready to learn'. We have also worked on improving attendance and narrowing gaps in attainment for the disadvantaged group.

Our provision and support for pupil's social, emotional and mental health is a strongly embedded part of our school culture, values and ethos that continues to evolve to meet the needs of our pupils. As with other elements of our approach to supporting disadvantage, these are embedded practices at the school that have impact and will continue within the strategy.

Staff working with pupils ensure that targeted pupils are supported and they focus upon improving attitudes to learning, social relationships in school and attainment. Interventions and support are planned to meet pupils needs. Staff that may support pupils are teachers, teaching assistants, nursery support staff, the Family Liaison Officer team and Counsellor.

Our provision aims to enable pupils to express their emotions, establish better social relationships and enable children to be supported appropriately within school.

#### Targeted support to accelerate learning and increase attainment and progress

Interventions and boosters delivered by staff provide focused support for pupils and this is decided on an individual basis, informed by assessment, gap analysis and staff knowledge of the pupil.

#### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	The percentage of pupils eligible for PP attaining the expected level in for newly joined pupils
2	Pupils eligible for PP lack opportunities due to financial disadvantage & may have fewer life experiences

3	Pupils eligible for PP to have a wide range of physical development opportunities and environments that link to their play & learning
4	Pupils and parents have a positive attitude to attending pre-school and value school life

#### **Intended outcomes**

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1 Diminishing the difference of all EYPP pupils so they achieve in line with national non PP children in key areas of EYFS curriculum. Improved % attainment of disadvantaged pupils % attendance improves	<ul> <li>For disadvantaged children to reach expected levels</li> <li>Pupil Progress Meetings, data analysis shows the difference between attainment of PP pupils and non PP pupils is diminished or is non existent</li> <li>Pupils eligible for PP make good progress in key areas of EYFS curriculum including phonics</li> <li>Pupils diminish the difference in early reading and mark marking/writing</li> </ul>
<ul> <li>2 and 3</li> <li>Increased parental engagement through parental financial support so pupils can access all the enrichment taking place at pre-school</li> <li>Pupils eligible for PP to have a wide range of physical development opportunities and environments that link to their play &amp; learning</li> <li>% of FLO team support Practitioners notes of meetings/communications</li> </ul>	<ul> <li>Increased attendance of PP parents at parental workshops and events en- abling greater support of their children</li> <li>Parents are more actively involved in their children's learning and work with the pre-school to prepare pupils for school</li> <li>Staff to organise enriching experi- ences to enhance the children's un- derstanding and engagement in play</li> <li>Pupils eligible for PP experience a range of life, awe and wonder experi- ences</li> </ul>
4	<ul> <li>Pupils attend regularly</li> <li>Parents and pupils have positive atti- tudes to school life</li> </ul>

<ul> <li>Pupils and parents have a positive attitude to attending pre-school and value school life</li> <li>Pupils who are struggling with school life / being away from parents have wellbeing support</li> <li>% of FLO team support</li> <li>Practitioners notes of meetings/communications</li> </ul>	<ul> <li>FLO team work with families to encourage and build positive relationships</li> <li>Staff work with families to build positive relationships</li> <li>PP parents and pupils complete home learning/engagement with school</li> <li>Pre-school staff have wellbeing training to support the emotional wellbeing of pupils</li> </ul>
---	---

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

#### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £1000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<ul> <li>All staff continue to have a target for PP attain- ment/pro- gress on perfor- mance manage- ment</li> <li>Ensure PP pupils are regu- larly ob- served and tar- geted in adult di- rected ac- tivities</li> <li>Pupil Pro- gress meetings focus on all &amp; PP as a group and individuals ensuring ALL PP are on the provision map for</li> </ul>	QFT is the focus of all staff meetings. As a large school, in an expensive part of the country, recruitment and retention is very difficult. In order to maintain consistency of approach the school needs consistency of staff. 'Diagnosing pupils' needs' is the first step to creating an effective Pupil Premium plan (EEF Guide to Pupil Premium, Aut 21). Staff focus on all groups – including PP pupils – to ensure targeted support for all. <b>Evidence</b> : The Pupil Premium: Update Ofsted 2014 reports that' effective leaders identify their pupils' specific needs accurately and promptly so that low attainment can be tackled at the very earliest stage <b>Evidence</b> : EEF Toolkit suggests high quality feedback is an effective way to improve attainment https://educationendowmentfoundation.org.uk/education- evidence/evidence-reviews/feedback-approaches https://educationendowmentfoundation.org.uk/education- evidence/guidance-reports/feedback	1

# Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £1500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Bespoke     interven-     tions to be     put in	Practitioners will be supported to ensure PP pupils make accelerated progress and gaps with non-PP are closed.	1
place to support closing the gap	Practitioners will understand barriers to learning for their PP children and be supported with strategies to overcome these as indicated in Pupil Premium Provision Maps.	

<ul> <li>Practition- ers support the PP to achieve the appro- priate de- velopment levels</li> <li>The envi- ronment will be reg- ularly re- viewed, with needs of PP chil- dren priori- tised</li> </ul>	Evidence: Early literacy approaches have been consistently found to have a positive effect on early learning outcomes. The early literacy approaches evaluated to date led to an average impact of four additional months' progress, with the most effective approaches improving learning by as much as six months <u>https://educationendowmentfoundation.org.uk/education- evidence/early-years-toolkit/early-literacy-approaches</u> Early numeracy approaches aim to develop number skills and improve young children's knowledge and understanding of early mathematical concepts including developing children's 'number sense' (their developing understanding of quantity and number) mothematical concepts	
tised	number) mathematical games, or pretend activities involving counting or using other mathematical language. <u>https://educationendowmentfoundation.org.uk/education-</u> evidence/early-years-toolkit/early-numeracy-approaches	

# Wider strategies (for example, related to attendance, behaviour, wellbeing)

#### Budgeted cost: £1000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<ul> <li>organise en- riching expe- riences linked to the EYFS curric- ulum</li> <li>Practitioners to engage PP parents in pupils devel- opment eg through tap- estry</li> <li>Financial of- fer to parents for costs</li> </ul>	<ul> <li>Experiences support early reading and writing so pupils are able to access knowledge</li> <li>Lack of parental support, finance and engage- ment is a key barrier to learning for pupils</li> <li>Evidence: Parental engagement in early years education is consistently associated with children's subsequent academic success. https://educationendowmentfoundation.org.uk/edu- cation-evidence/early-years-toolkit/parental-engage- ment</li> </ul>	2

			ı		
•	Organise opportunities for physical activities Organise a range of physical activities to develop movement, balance, strength and stamina	<ul> <li>If pupils enjoy physical activities from a young age they are more likely to carry on with a physical life.</li> <li>If children develop gross motor skills these support fine motor skill development</li> <li>Lack of parental engagement at home with physical activities could contribute to health issues and a lack of enjoyment in physical activities – this has been the case historically and has been particularly apparent during the pandemic.</li> </ul>	3		
		Evidence:			
•	Encourage families to take part in real play activities at	There is some evidence that programmes that combine physical activity with strategies to promote self-regulation can improve executive function and have a positive impact on learning.

% making KS2 expected standard in maths	35	50 <b>个</b>	29	70	77	73	

#### **Externally provided programmes**

We have had discussions at an SLT regarding external tutoring and decided to use our own staff rather than external programmes.

We wanted to ensure value for money. Our staff already know our pupils and our curriculum approach and so are able to fill the gaps in learning more easily. Our success is built on our consistency of approach and are teams who work very closely together.

Our pupil cohort is complex and those who are the most vulnerable, and need additional support, will not work with strangers and would cause additional anxiety.

We are used to working as a catch-up school. Our use of assessment, PPM, IPM, MTP is successful and forms the core of our catch-up programme which staff already understand and use.

We have developed a staffing structure, SLTA, Lead TA, TA, FLOs, SEN team, that supports our pupils and they are best placed to continue to fill the COVID gaps.
