

## 50 Super Science Things To Do Before You're $11 \frac{3}{4}$

Build a parachute to protect an egg falling
Clean some pennies with vinegar and research
the chemical reaction that is occurring.
Some people believe that when toast falls to
the ground it is more likely to land butter or in some
side down a roll a full can of beans and an empty can
you devise a test to find out?

## 50 Super Science Things To Do Before You're $11 \frac{3}{4}$

| Can you swing a cup full of water above your <br> head without getting wet? |
| :---: | :---: | :---: |
| Build a junk model musical instrument and |
| play a tune. |

## 50 Super Science Things To Do Before You're $11 \frac{3}{4}$

| Look up at the night sky. Which |
| :---: |
| constellations can you see? Can you draw the |
| ones you find? |

| Go on a bug hunt outside. Can you build a |
| :---: |
| home for the bugs you find? |

Are finger print patterns inherited? Do yours
match any members of your family? What surface does a ball bounce best on?

## 50 Super Science Things To Do Before You're $11 \frac{3}{4}$

| Can you make some fireworks in a jar with food colouring, warm water and oil? <br> http://bit.ly/2ogR5fy | Melt some chocolate to make some rocky road treats! |
| :---: | :---: |
| Can you make water walk from one jar to another using a paper towel and some food colouring? <br> http://bit.ly/2pZKO38 | Build a catapult and target. How can you make your flying object go further? <br> http://bit.ly/2q9Cp1g |
| Tip some raisins into a cup of lemonade. What do you see? | Make some shadow puppets and put on a show for your family. |
| Look around the inside and outside of your house. How does electricity get to the appliances that you use? | Find some photos of yourself as a baby. How have you changed? |
| Can you build a cannon to launch a tennis ball? <br> http://bit.ly/2dBBnGJ | Can you build a car powered by a balloon? <br> http://bit.ly/2dBBnGJ |

## 50 Super Science Things To Do Before You're $11 \frac{3}{4}$

| How tall can you build a tower using spaghetti and marshmallows? | Can you make an uncooked egg bounce? <br> http://bit.ly/2dBBnGJ |
| :---: | :---: |
| Can you make some homemade play dough? | Can you make some colour changing cabbage juice? <br> http://bit.ly/2dBBnGJ |
| Can you make a cake in a mug using your microwave? What happens when you leave some of the key ingredients out? | Where is the best place to dry a pair of socks? Can you design a test to find out? |
| Choose some materials to build a den that would keep you warm and dry if you were to camp out in it. | Can you make a flame jump through air? <br> http://bit.ly/2dBBnGJ |
| Can you launch a fizzy bottle rocket? http://bit.ly/2dBBnGJ | Can you make a soap powered boat? http://bit.ly/2dBBnGJ |

## 50 Super Science Things To Do Before You're $11 \frac{3}{4}$

Every time you complete one of the super science activities bring your evidence into school to show your teacher so they can stamp your book. Alternatively, if your evidence is a photograph email it to science@longwick.bucks.sch.uk All photographs and videos emailed will be uploaded to the school website so we can celebrate all your hard work! Certificates will be awarded in assembly when $10,20,30,40$ and all 50 of the Super Science activities are completed.
