Dear families,

Re: Items for Ukraine

As I am sure you are aware there are lots of local organisations pulling together to collect much needed items for those suffering the awful effects of what is happening in Ukraine.

With this in mind, as a school we would like to reach out to our school community to request donations of some much-needed essential items.

We will have a collection point at pre-school outside the 2 year old provision that will accept donations to be sent over to Ukraine.

I am working with Olha, a parent from our pre-school community in organising this, Olha will be able to collect any donations made and organise the drop off to Ukraine.

There is also an amazon wish list if you would like to contribute or please check out the extensive list below.
