Dear parents and carers,

Re: Wellbeing Plans

We have a behaviour policy and consequences for behaviours in school. For the majority of pupil this helps to support their behaviour choices and an understanding of cause and effect. Some children need a more bespoke plan to support them with their behaviour choices and to help them understand the impact of their behaviour.

Up until now we have called these plans Behaviour Improvement Plans. These plans were written to ensure that all staff working with a child knew about the child's particular needs and triggers. It also gave staff strategies to use to support the child and a script to use to support. Having these plans ensures consistency in the support for the child.

Moving forward we are renaming these plans to Wellbeing Plans. The plans will cover a range of support for the wellbeing of the child. It may be that the plan includes behaviour strategies, triggers and support. It may include support for wellbeing and mental health needs.

These plans will be written with input from the teacher, the teaching assistant, Mrs Bazeley (our FLO Mental Health Lead) and Mr Thorpe (our Assistant Head for Inclusion and Community).

Kind regards,

Mrs Skinner
